## PETITIONING THE COURT

☒ To issue a summons

The probation office alleges that the offender has violated the following condition(s) of supervision:

Violation Number	Nature of Noncompliance
1	<p>The offender has violated the supervision condition which states 'The defendant shall reside for a period of 6 months in a community corrections center, halfway house or similar residential facility and shall observe all the rules of that facility. The defendant shall be eligible for weekend privileges. The defendant shall pay subsistence as required by the program.'</p> <p>On September 23, 2009, Collins' six month period of community confinement at the Toler House Community Sanction Center commenced. On March 3, 2010, Collins was discharged from that program due to his failure to follow the sanction center's rules and regulations. Information received from the sanction center indicates that Collins lost his job due to his poor attitude towards work, aggressive behavior and negative statements. In addition, while housed at the Toler House facility, Collins maintained a negative attitude, made veiled threats to staff members, and made attempts to insight other residents of the halfway house. According to the director of Toler House, Collins' negative attitude and behavior "jeopardize the safety and security of the residents, staff and facility."</p>

I declare under penalty of perjury that the foregoing is true and correct.
